[Hoisting Equipment >> Technical information](#)

[Hoisting Equipment >> Electric chain hoists](#)

- **Electric chain hoist model CPS with suspension hook** Capacity 125 - 500 kg
- **Electric chain hoist model YaleVego with suspension lug or with integrated trolley** Capacities 125 - 2.000 kg
- **Electric chain hoist model CPE with suspension hook or with integrated trolley** Capacity 1600 - 10000 kg
- **Twin hoist model CPE 100-2** Capacity 10000 kg

[Hoisting Equipment >> Pneumatic chain hoists](#)

- **Pneumatic chain hoist model CPA with suspension hook or with integrated trolley** Capacity 125 - 990 kg
- **Pneumatic chain hoist model CPA with suspension hook or with integrated trolley** Capacity 2000 - 10000 kg

[Hoisting Equipment >> Hand chain hoists](#)

- **Hand chain hoist model Yalelift 360** Capacity 500 - 20000 kg
- **Hand chain hoist model Yalelift 360 20 t** Capacity 20000 kg
- **Hand chain hoist model Towerlift** Capacity 1000 - 2000 kg
- **Hand chain hoist model Towerlift ES** Capacity 1000 kg
- **Hand chain hoist with integrated push or geared type trolley model Yalelift IT** Capacity 500 - 10000 kg
- **Hand chain hoist with integrated push or geared type trolley (low headroom) model Yalelift LH** Capacity 500 - 10000 kg
- **Swivel truck low headroom trolley hoist model VLRP and model VLRG** Capacity 250 - 6000 kg
- **Compact low headroom trolley hoist with integrated push trolley model VNRP and model VNRG** Capacity 1500 - 24000 kg
- **Hand chain hoist model Vsplus** Capacity 500 - 5000 kg
- **Hand chain hoist model Compact** Capacity 500 - 5000 kg

[Hoisting Equipment >> Trolleys](#)

- **Electric trolley model VTE-U** Capacity 1000 - 5000 kg
- **Push and geared type model HTP and model HTG** Capacity 500 - 20000 kg
- **Swivel truck trolley with low headroom and extremely short radius curve model VLHP and model VLHG** Capacity 250-6000 kg
- **Electric trolley model VTE-U** Capacity 1000 - 5000 kg
- **Push and geared type model HTP and model HTG** Capacity 500 - 20000 kg
- **Swivel truck trolley with low headroom and extremely short radius curve model VLHP and model VLHG** Capacity 250-6000 kg

[Hoisting equipment >> Beam clamps](#)

- **Trolley clamp model CTP** Capacity 1000 - 3000 kg
- **Beam clamp model YRC** Capacities 1.000 kg - 10.000 kg
- **Beam clamp model YC** Capacity 1000 - 10000 kg

[Hoisting equipment >> Ratchet lever hoists](#)

- **Ratchet lever hoist with roller chain model C 85** Capacity 750 - 10000 kg
- **Ratchet lever hoist with link chain model D 85** Capacity 750 - 10000 kg
- **Ratchet lever hoist with link chain model D 95** Capacity 1500 - 3000 kg
- **Ratchet lever hoist model AL** Capacity 750 - 3000 kg
- **Ratchet lever hoist model PT** Capacity 800 - 6300 kg
- **Ratchet lever hoist model UNO** Capacity 750 - 6000 kg
- **Ratchet lever hoist model Yalehandy** Capacity 250 - 500 kg

[Hoisting equipment >> Cable puller](#)

- **Cable puller model Yaletrac Pulling** force 800 - 3200 daN
- **Yale cable puller LP** Capacity 500 kg
- **Yale cable puller model LM Pulling** force 500 - 1800 daN
- **Cable grip model LMG Pulling** force 2000 - 5000 daN
- **Pulley blocks, hinged, with single steel sheave** Capacity 1000 - 6400 kg

[Hoisting equipment >> Electric wire rope winches](#)

- **Electric wire rope winch model RPE Pulling** force 250 - 1000 daN

[Hoisting equipment >> Pneumatic wire rope winches](#)

- **Pneumatic wire rope winch model RPA Pulling** force 250 - 500 daN

[Hoisting Equipment >> Manual wire rope winches](#)

- **Manual wire rope winch with worm gear drive model MWS Pulling** force 125 - 2000 daN
- **Manual wire rope winch with worm gear drive model MWW Pulling** force 250 - 5000 daN
- **Manual wire rope winch with spur gear drive model HW-C Pulling** force 300 and 800 daN
- **Manual wire rope winch stainless steel version with spur gear drive model HW-CS Pulling** force 300 and 800 daN

[Hoisting Equipment >> Lifting jacks](#)

- **Ratchet jack model Yaletaurus** Capacity 10000 kg
- **Steel jack acc. to DIN 7355 model SJ** Capacity 1500 - 10000 kg
