

Hydraulic Jacks & Tools >> [User information](#)

Hydraulic Jacks & Tools >> [Hydraulic cylinders, single-acting](#)

- [Universal cylinder model YS](#) Single-acting with spring return, 5 - 100 t
- [Low-height and flat cylinders model YLS and model YFS](#) Single-acting with spring return, 10 -100 t
- [Pull cylinder model YPL](#) Single-acting with spring return, capacity 10 - 51 t
- [Hollow cylinders model YCS](#) Single-acting with spring return,12 - 93 t
- [Hollow cylinders model YCH](#) Double-acting with hydraulic return,33 - 140 t
- [Universal cylinders model YH](#) Double-acting with hydraulic return, 5 - 200 t
- [High tonnage cylinders model YEHA](#) Double-acting with hydraulic return,140 - 1100 t
- [Hydraulic cylinders with safety lock nut model YEL](#) Single-acting, 30 - 1100 t
- [High tonnage cylinders model YEGA](#) Single-acting, 140 - 1100 t

Hydraulic Jacks & Tools >> [Accessories](#)

- [Lifting claws, piston plates,base adaptors and extension tubes, load spreading plates model AYS](#)
- [Threaded flanges model AYP](#)
- [Clevis eye mountings model AYH](#)

Hydraulic Jacks & Tools >> [Hand pumps 700 bar](#)

- [Single-acting cylinders model HPS](#)
- [Double-acting hydraulic cylinders model HPH](#)
- [Hand pumps model HPB](#)

Hydraulic Jacks & Tools >> [Hand pumps up to 2000 bar](#)

- [Hand pump model HPS-1/1500 A](#)
- [Hand pumps model TWAZ](#) Max. operating pressure 2000 bar

Hydraulic Jacks & Tools >> [Foot pump 700 bar](#)

- [Foot pump model FPS](#) Operating pressure 700 bar

Hydraulic Jacks & Tools >> [Electric motor pumps](#)

- [Compact electric motor pumps model PY-04 Portable](#), max. operating pressure 700 bar

Hydraulic Jacks & Tools >> [Pneumatic motor pumps](#)

- [Mini hydraulic pumps model PAY](#) With compressed air driven motor 700 bar

Hydraulic Jacks & Tools >> [Electric hydraulic power packs](#)

- [Model PYE and model PY](#) Single-stage and two-stage

Hydraulic Jacks & Tools >> [Special power pack solutions](#)

- [Hydraulic power pack with protection cage](#)
- [Hydraulic power pack with 4-way manifold MY-44-GYA](#)
- [Hydraulic power pack with 4-times solenoid valve](#)
- [Double-hydraulic power pack](#)

Hydraulic Jacks & Tools >> [Electric hydraulic power packs](#)

- [Multiple-flow hydraulic power packs model PMF](#)
- [4-multiple-flow power packs with solenoid directional valves model PMF](#)

Hydraulic Jacks & Tools >> [Valves](#)

- [Directional valves model VHP and model VHH](#) Manually operated
- [Solenoid directional valves model VEP](#) 700 bar, incl. pressure set valve
- [Safety-check valves model VSM](#) 700 bar
- [Throttle-/Shut-off valves model VHM](#) 700 bar
- [Pressure relief valves model VPR](#) 0 - 700 bar
- [Pressure switch model VPS](#) Adjustable between 100 - 800 bar

Hydraulic Jacks & Tools >> [Accessories](#)

- [Manifolds model MY 700 bar](#)
- [Manifolds model MY With shut-off valve, 700 bar](#)
- [Transportation box model HPK-10 For hand pumps, hydraulic cylinders and accessories](#)
- [Hydraulic oil model HFY For all hand pumps and power packs](#)
- [Pressure gauges model GGY](#)
- [Pressure gauge model GYA-63](#)
- [Pressure gauge adaptor model GA](#)
- [Pressure gauge adaptor model GA-2000](#)
- [Hydraulic couplers models CFY, CMY, CCY](#)
- [Hydraulic hoses model HHC](#)
- [Fittings, reducers, connectors model FY](#)

Hydraulic Jacks & Tools >> [Puller](#)

- [Hydraulic puller with integrated hydraulics model BMZ](#) Max. pulling force 6, 8 and 11 t
- [Puller sets with separate hydraulics 10, 15 and 23 t model BMZ](#) Max. pulling force 10 - 23 t
- [Model BMZ-1000 and 1510](#)
- [Model BMZ-2311](#)
- [Hydraulic puller set model YHP](#) Max. pulling force 20, 30 and 50 t

Hydraulic Jacks & Tools >> [Jacks](#)

- [Yale Aluminium hydraulic jacks model AJH and model AJS](#) Capacities from 6.5 - 100 t
- [Universal jacks model JH](#) Capacity from 2 - 50 t
- [Machine jacks with lifting claw model YAM](#) Capacity 2 - 15 t
- [Hydraulic machine jacks model YAP](#) Capacity 5 - 50 t
- [Hydraulic machine jacks model YAS](#) Capacity 3 - 25 t

- [Hydraulic stage lifts model ST](#) Capacities up to 200 t
- [Hydraulic spreader model YHS](#) Max. capacity 0.5 - 1.5 t

Hydraulic Jacks & Tools

- [Hydraulic chain cutter model YCC-1.2](#)
- [Hydraulic propeller press system model PPS](#) Max. operating pressure 2000 bar

Hydraulic Jacks & Tools >> Test rig

- [Hydraulic test rig for hoisting equipment model RPYS-1215](#) Max. capacity 12 t
- [Hydraulic test rig for steel winches model RPYS-1535](#) Max. capacity 15 t

Hydraulic Jacks & Tools >> Presses

- [Universal workshop presses model RPY and model RPES](#) 10 - 200 t

Hydraulic Jacks & Tools >> [Selection charts](#)
